Dear Secretary Quinlan:

Pursuant to the above-referenced matter, attached is a copy of a letter from the California Office of Historic Preservation ("OHP") for entry into the record. The OHP finds that the proposed abandonment of Union Pacific Railroad Company's Santa Monica Industrial Lead will have no effect on historic properties.

Union Pacific respectfully requests expedited consideration of this submission. Please do not hesitate to contact me if you have any questions.

Sincerely,

Re: Proposed Abandonment and Discontinuance of Trackage Rights on the Santa Monica Industrial Lead, from Milepost 485.61 to Milepost 486.00 – STB Docket No. AB-33 (Sub-No. 265X)

Dear Mr Meyer:

You have provided me with information regarding how the above project may affect historic properties. You have done this, and are consulting with me, in order to enable the Surface Transportation Board (STB) to comply with Section 106 of the National Historic Preservation Act and implementing regulations codified at 36 CFR Part 800.

I have reviewed the documentation furnished and considered your recommendation to the STB that there are no historic properties that may be affected by these undertakings. Based on that review, I have the following comments

- 1) The project, as described, will have no effect on historic properties.
- 2) I would not object to an official finding by the STB that there are no historic properties that may be affected by these undertakings.
- 3) I will assume that the STB has made this finding unless I hear to the contrary from them within 15 calendar days of their receiving a copy of this letter

Thank you for considering historic properties during project planning. If you have any questions, please contact Natalie Lindquist of my staff at (916) 654-0631 or e-mail at [nlindquist@parks.ca.gov](mailto:nlindquist@parks.ca.gov).

Sincerely,
